

AINSURANCE

Wail Ayad, Rui Guo, Émile Normand

INSPIRATION

- Depression and sadness takes its toll on your health.
- Increased chances of sickness
- Reduced lifespan (10 years)

AINSURANCE'S USES

- Tobacco users: 1.5x more premium
- Premium cost difference for age, sex, gender, race, but...
- No premium for depression, UNTIL NOW!
- Alnsurance helps you negotiate premium prices
- Alnsurance helps you gather the data you never knew you needed!

IMPLEMENTATION

- Multi-Layer Convolutional Neural Network
- Detects emotion in real time and calculates insurance using an algorithm
- Python, Tensorflow, Opencv-python, Keras

DEMO TIME!
